1. Petitioner sought to dismiss the action and discharge the temporary Conservator due to the death of the Conservatee. This was not permissible as there had been no final accounting. The court ordered that the accounting be filed 30 days in advance of the 8-1-03 hearing date. As of 7-11-03 nothing has been filed. Counsel was present at the time of the order.

1. File notice of hearing and proof of service.
2. File return of citation.
3. Need Court Investigator report.
4. Petitioner indicates bond is not required based on a waiver in a durable power of attorney. A waiver of bond by the Conservatee at a time when she was capable of making such a waiver can be considered by the court. It is, nonetheless, discretionary. The court does have the power to override the waiver. Here, the durable power of attorney was signed in 2-03. The actions of the Conservatee alleged to be improper have apparently been going on for some time. It is therefore questionable if the Conservatee was in fact competent to make such a waiver. Additionally petitioner is seeking virtually unlimited powers. He has sought approval of all of the powers under Pr.C. § 2591. It should also be noted that this is done without providing a statement as to why each individual power is needed. Suggest that if the powers are granted under 2591 as requested the court impose bond in the amount of \$193,000.
5. If petition granted court will have to set future dates. Set hearing for filing of inventory and appraisal for 4-23-04. Set hearing for accounting review for 12-3-04. Accounting to be filed 30 days in advance.

See preceding matter on calendar. Petitioner has also failed to provide the court with proof of guardianship in Missouri. Clerk has given notice. Suggest the court merely dismiss the guardianship at this point or order the child returned to California.

1. No inventory and appraisal has ever been filed in this case. The inventory and appraisal was statutorily due 9-26-00. The document filed does not constitute a proper inventory and appraisal. An inventory and appraisal must be done on the Judicial Council form and must be done by the probate referee.
2. The accounting is not in the proper form. File accounting in accord with the requirements of Pr.C. § 1060 et seq.
3. It would appear that guardianship of the estate is totally unnecessary. The estate is of minimal value and the only income is Social Security. The guardians could be named designated payees. The court could then require a filing of a petition for waiver of accounting. That form is available through the Court Investigator's office. Once that is done the guardianship of the estate will be terminated, but the guardianship of the person will continue. Additionally all of the problems in 1 and 2 above will disappear.

HEARING:

Petition for COSTS/FEES TO ENFORCE SETTLEMENT AGREEMENT 08/29/03

COUNSEL:

GARY PURCELL

(PET) ...SELTERS & SELTERS

THELMA C PURCELL

(DEC)...

Continued from 8-29-03. Parties were ordered to enter into settlement negotiations. Nothing new filed.

1. This matter was originally a contested accounting. The matter settled and trustee failed to fulfill the requirements of the settlement until such time as she was cited into court. Petitioner requests fees of \$5,195 including costs of attorney, CPA and bookkeeper. Petitioner requests that they be surcharged against the trustee.
2. In a supplement the petitioner indicates that he bases his request for fees on Pr.C. § 17211. Petitioner contends that the original action was to compel an account and that after mediation the trustee refused to make distribution. He was therefore compelled to bring the instant action to force the trustee to disburse the trust assets. Petitioner points to Pr.C. § 17206 which give the court broad discretion to make any orders necessary or proper to dispose of the matters presented in the petition. Petitioner contends that this includes an action to redress breach of trust. (Pr.C. § 17200(12)). Petitioner also indicates that he has incurred an additional \$297.50 in CPA fees and wishes to include that in his request. It should be noted that this request was not made in the original petition and it is questionable if it can be made in response to opposition.
3. Opposition has been filed. Opposition indicates that the agreement covered attorney fees and that the petitioners continue to violate the agreement and continue to bring unnecessary matters before the court. Opposition requests fees of \$3,600 to cover the cost of her attorney in the most recent of hearing brought by the petitioners. She requests that she be paid that amount equally by Ron and Gary Purcell.

4. Petitioner has filed a reply to opposition.
5. Matter is contested and needs to be set down on the contested calendar.

COUNSEL:

CLARA M WHITE

(DEC)...

Petition has been repeatedly continued with no resolution of the notes. Suggest that the court merely dismiss the petition without prejudice.

Petitioner has filed the exact same petition as he filed originally and has labeled it "amended". It does not appear that anything has been amended and none of the facts have been changed by the alleged amendment. Since the last hearing the petitioner has filed declarations by 2 of the siblings that would clear up the problem below. We still need a declaration from Kelly Herd or the joinder of Kelly's issue as petitioners, or this matter cannot proceed as a petition to determine succession.

1. Petitioner has filed disclaimers by 3 of his siblings. The property is to be distributed by intestate succession. As the decedent left no spouse the property would go to her issue. Issue means all lineal descendants of all generations, with the relationship of parent and child of each generation. Hence, unless petitioner really meant that the property should be assigned and files the appropriate documents the court will need to know whom the children of the disclaiming siblings are. Those children of the disclaiming siblings would now be in line to inherit an interest in this property. As such the children must be petitioners here, as all persons who have an interest in the property must be petitioners.

HEARING:

Hearing Re: MOTION TO APPROVE PETITION.

COUNSEL:

DENNIS HERD

(PET) ... KEITH S KNOCHEL

CLARA M WHITE

(DEC)...

Continued from 4-4-03, 4-18-03, 6-20-03 and 8-8-03. Nothing new filed. Matter has been repeatedly continued without resolution of any of the issues. Suggest that the court deny this motion and dismiss the petition for determination of succession to real property without prejudice.

Counsel for petitioner, in the petition to determine succession, has filed a subsequent petition asking that the first petition be granted despite potential defect. It is the position of the petitioner that renunciation isn't allowed and therefore the use of the term renunciation should be deemed void. This position is based on a 1951 case. The case was decided prior to the enactment of Pr.C. § 260 et seq. That section indicates that it is possible for an intestate beneficiary to disclaim (or renounce) his/her interest in assets of an estate. It would therefore appear that the argument presented by counsel is without merit.

Counsel indicates that the heirs, other than the petitioner, really meant assignment rather than renunciation. The problem with this theory is that the persons who have signed the documents have not filed anything with the court that would allow the court to come to the conclusion that they merely misspoke themselves and meant that they were assigning their interests. If the court views the documents as disclaimers or renunciations then the interests at stake are no longer those of the persons who signed the documents, but rather their heirs. Hence, in the absence of something from the persons who signed those documents indicating that they merely misspoke themselves the petition to determine succession would have to be denied unless the additional heirs, that is the heirs of the persons who have filed renunciations, became petitioners.

Court should deny the motion.
